Architecture  
Award**

Presented to:

**Patterson  
Associates  
Limited**

For:

**Annandale  
Homestead**

Year Awarded:

**2013**

Category:

**Sustainable Architecture**

Citation:

This successful heritage project reflects the huge benefits that may be realised from the collaboration between a strong, aspirational client, sensitive and innovative Architects, sympathetic engineers and enlightened heritage consultants, and a patient and proficient contractor. A clear understanding of the building's architectural history, and the strength of its particular aspects, provides for current and future celebration and enjoyment of its heritage and style.
